

SHIPPER CARTON CHECKWEIGHER CW 21K/30K/60K

- High accuracy
- No zero drift
- Application flexibility
- 100 Product memory
- Password protection
- Dynamic compensation
- Suitable for pouches / Packets / Shipper Carton
- Easy removal of conveyor platform for cleaning purpose
- Optional barcode / printer integration
- PC connection to transfer weight & batch summary
- Printer interface for batch report
- Easy integration with existing lines

Leaders in Product Checking Systems

www.teplindia.com

Shipper Checkweigher Models ensure precise weight check of every product, the high accuracy and maximum throughput. Easy to use with intuitive colour touchscreen and icon-driven menus for fast product set up. The system is designed for easy removal for cleaning purpose.

SALIENT FEATURES

- Height Adjustment for Ease of Integration with Existing Lines
- Auto adjustment of conveyor speed according to throughput PPM
- Facility for Dynamic Weight Compensation
- Display of Net Weight
- Statistical Data of Total Accept, Total Reject, Standard Deviation
- Interlock with other machines
- Tendency control (optional)

GENERAL SPECIFICATION

Model	weight Range (g)	Least count (g)	Accuracy (g)	Max speed (PPM)	Weighing conveyor size in mm (L X W)	Maximum product length allowed	Minimum product length allowed	Maximum product width allowed
CW 21K	40-20K	2.00	± 10	40	700 X 440	600	50	440
CW 30K	60g to 30kg	5.00	± 25	40	700 X 550	600	90	550
CW 60K	120g to 60kg	10.00	± 40	20	1000 X 840	850	140	800

- **Display:** 7" LCD screen
- **Power Requirement:** Single Phase 230V AC / 50Hz / 300VA
- **Rejection mechanism:** Air blow / Pusher / Diverter
- **Pneumatic Requirement:** 6Kgs / cm² for all rejection mechanisms
